Please Register to bid *at least 24 hours* prior to Sale - Call DV Auction at 402-316-5460

# VALLEY VIEW CHAROLAIS RANCH

## ***HISTORY OF OUR BREEDING PROGRAM***

Valley View Charolais is proud to present our **two-year-old bulls** at this **58<sup>th</sup> Annual Bull Sale**. We offer proven genetics that will optimize your cows' production and we strive to build long-lasting relationships and partnerships with satisfied customers. Your satisfaction is guaranteed with every purchase – the **best guarantee** in the industry.

Our cowherd, established in 1962, originated from the Michaelis Ranch, the first U.S. breeders of Charolais. We have maintained strong bloodlines with proven performance for many generations. Our sires are proven to excel in the essential traits of ease of calving, growth, and carcass quality, supported by data from the Canadian Conception-to-Consumer Test, AICA Sire Evaluation Test and in-depth Genomic testing. We have performance records for every calf born on this ranch since 1962, ensuring bulls with excellent calving ease, performance, fertility, and longevity.

Our focus on "ease of calving" means your bulls will work well on range conditions, producing live births and high-performing calves. Our bulls are proven to excel in feedlot gain, feed efficiency, and carcass quality. Crossbreeding with Charolais genetics adds hybrid vigor that puts extra pounds on your calves.

You can expect our mature two-year-old bulls will breed more cows earlier in your breeding season, and boost weaning weights by 50-plus pounds. Their feedlot gains are faster and more efficient, with verified superior carcasses. Our bulls lead the Charolais breed in these traits, with bulls that rank in the top 1% for Charolais Total Sire Index (TSI) and marbling.

Charolais genetics have been shown to produce the leanest, highest-yielding carcasses, and our bulls sired Montana Steer of Merit Carcass Champions over 30 years ago. The demand for Charolais-sired calves remains strong nationwide.

Through 50-plus years of focused genetic selection, we have eliminated calving problems, ensured long-lasting sound bulls, and produced cows with excellent mothering abilities and dispositions. Our bloodlines form the foundation for other top Charolais herds across the U.S. and Internationally.

Our breeding program is based on proven genetics, not big feed rations. The bulls in this sale represent the best of our **2024 calf crop**, carefully selected for fertility, performance, conformation, pedigree, soundness and disposition. Each bull is semen-tested and guaranteed to perform.

Our bulls are raised under natural range conditions nursing their mothers with no creep feeding. After weaning, the bulls are fed alfalfa-mix hay for growing during winter, then they mature on pasture under practical range conditions. They are never pushed on feed but are simply conditioned to ensure optimum breeding condition and long-term performance for you. Due to our practical manner of growing bulls, it is rare for one to go unsound.

We have great confidence in these **two-year-old** bulls and are certain we have eliminated any bull with even very minor problems during our two years of selection and culling. We guarantee them to please you in every way so you will return for more bulls in future years. We cordially invite you to visit our ranch any time to see our ongoing genetic progress. We will always have something new and progressive to show you, as well as a warm welcome. We are confident in the quality of these bulls and guarantee your satisfaction.

**We look forward to seeing you soon!**

## A Guide to Reading Our Catalog

Bulls sell in catalog order by lot number, with each tagged accordingly, with the lot number in one ear and his personal herd number (tag) in the other ear. They are tagged, tattooed and weighed at birth, with the tattoo number in the left ear corresponding to his calf tag number. Bulls are weighed and thoroughly evaluated throughout the next two years.

**Birth Weight and Calving Ease** - Birth weight is the best predictor of calving ease, but is influenced by dam age, genetics and nutrition. A heifer bred to the same bull for her first, second and third calves may increase the birth weight as much as five pounds per year of age, and a cow of 10 years and older may taper off in birth weight of her calf. A cow born with a high birth weight herself often passes this trait to her calves, regardless of sire. In this catalog, dam's age is provided in the pedigree to help evaluate birth weights of the bulls in this sale.

If (Hfr) is noted under the dam's name, she is a 2-year-old first-calf heifer and is bred to an easier-calving sire. If (3) is under the dam, she too is bred to an easier-calving bull and her age can affect the birth weight. If you are selecting bulls to use on heifers we suggest you select only from the **\*Heifer Bull\* lots 151 to 160**. For extra-easy calving of small or young cows, select from the (Hfr) and (3) dams with low birth weights.

For over 50 years we have selected bulls with shorter gestations (highly heritable), thereby allowing the calf to be born on time (in 283 days or less), so it is not growing too large inside his mother and causing calving problems. A calf will gain one pound or more per day the last 30 days of gestation, so not going overdue is very important.

Nutrition can also affect birth weight by 5 to 10 pounds. An easy winter can be followed by larger calves if the cows had it too easy and got too fat. A tough winter in which extra supplement has been pushed to the mothers, or if they stood around in confinement with no exercise, can also increase birth weights. Therefore, birth weights should not necessarily be compared from year-to-year within a herd, nor be compared to another herd with different cow size and age, or climate and management.

**Weaning Weight and Growth** - Weaning weights are adjusted to 205 days to ensure fairness for extra days of age, so that an early-born calf does not have extra days of growth advantage over a later born calf. Since most of these bulls are born within a short five-week period, adjustments are minimal. Selecting bulls that breed early will increase profitability. A calf born 21 days late weans about 60 pounds less at weaning, costing big dollars. For a cow-calf operation, the maximum weaning weight put across the scales from the number of cows exposed at breeding time is the key formula for your success.

### **18-Month Index and Development** - The

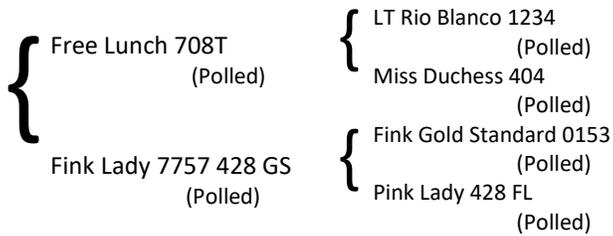

18-mo. index listed in our catalog indicates the weight of these bulls at 18 months and reflects mature size and genetic growth capacity. Weaning weight indicates how big the calf was at birth plus the amount of milk his mother fed him. A year later, at 18 months of age, the bull has been on his own for about a year. Bulls are raised on alfalfa hay after weaning and then pastured on rugged terrain to develop soundness, endurance and natural muscling. This grass-based development ensures bulls are ready to travel, breed efficiently, and remain sound for years. They won't melt after turnout.

Our sane way of maturing our two-year-old bulls allows you to select a mature bull that can and will travel well in your pasture and breed more cows in a shorter breeding period. Plus, they will stay sound for more years than feedlot-fattened yearling bulls. Our catalog order is based on the 18-mo. Index of the bulls.

### Reference Sire A

#### Free Lunch 1509 ET Polled

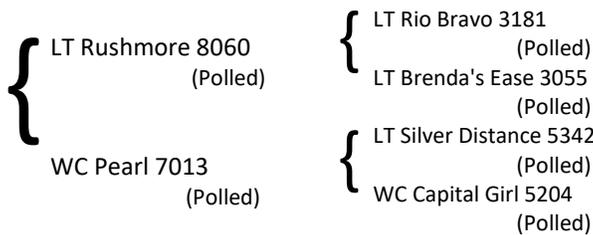

**Free Lunch 1509 – Sire of Lot 1 & 2 and Four of Top 10**  
 Free Lunch isn't just a name – it is a promise of more pounds and more profit in every calf crop. Bred for carcass excellence, Free Lunch delivers high-marbling and Prime-quality beef that commands top dollar. His calves come easy, grow fast, and finish strong by packing on weight efficiently both in the pasture and the feedlot. Butts, Guts and Nuts, his wide-bodied, heavy muscled progeny are built to last. Free Lunch takes the guesswork out of profitability. Whether you sell at weaning or feed them to finish, he stacks the odds in your favor for maximum returns. Enjoy a “Free Lunch” at noon and don't miss the opportunity for a Free Lunch during the sale to take home to your cows.

**EPDs: BW -2.4 WW 60 YW 127 MTL 63 TSI 285**

### Reference Sire C

#### WC Mountain Man 9015 Polled

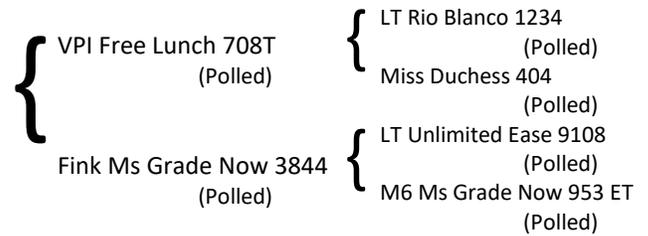

**Mountain Man – Power, Performance and Precision**  
 Mountain Man stands out with his classy build, powerful muscle, and smooth athletic movement. His 70-lb. birth weight (-3.8) and 836-lb. weaning weight make him the perfect fit for our program, excelling in both calving ease and performance. Note the wide butts, big nuts and extra gentle dispositions of his sons. Built for the toughest terrain, he covers ground effortlessly, ensuring every cow gets bred. He is the perfect kind to send to the “Mountain” to cover both sides plus the top. His elite EPDs rank in the Top 10% of the breed, now proven in his soggy, high-performing calves, all out of 3-year-old dams. From calving to carcass, Mountain Man delivers. This true Rushmore genetics powerhouse has earned his place in our front pasture. Limited semen available.

**EPDs: BW -3.8 WW 76 YW 129 MTL 74 TSI 282**

### Reference Sire B

#### Free Lunch 859 Polled

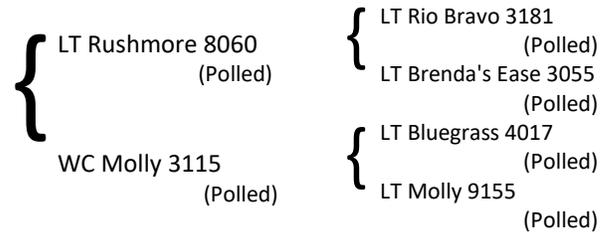

#### Free Lunch – Performance You Can Count On

Free Lunch has topped four of our past five Bull Sales including the \$25,000 Free Buffet in 2021 (who is now topping Sales with his sons at Bar 6) and \$20,000 Free Bingo in 2025. Free Lunch 859 ranks in the Top 1% of all Charolais Bulls for Total Sire Index (TSI 309). Then notice his extreme easy calving -4.5 birth EPD. Round out his weaning weight Top 8%, Top 3% carcass weight, plus marbling Top 2% and it spells “Big Time” Charolais Herd Sire. With elite calving ease, exceptional weaning weights, and top tier feedlot and carcass, you will want to enjoy lots of Free Lunch at our sale.

**EPDs: BW -4.5 WW 82 YW 134 MTL 62 TSI 309**

### Reference Sire D

#### WC Rushmore 8516 Polled

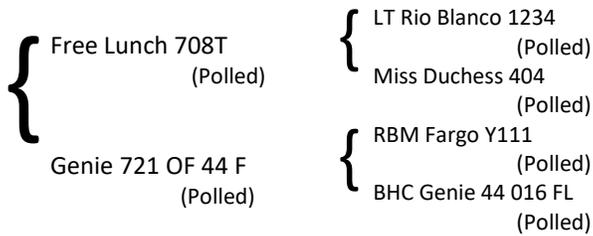

**Rushmore 8516 –Solid Genetics with Top Performance**  
 Rushmore is highly regarded for calving ease (Top 2% of the breed for both CE and BW) and for carcass quality (Top 4% for REA) plus Maternal Traits (Top 1% of all Charolais Breed). Rushmore is full brother to the dam of \$105,000 leading sire Ledger, and he also sired Mountain Man and Resource that we love in our herd. With that long genetic record it is notable why we secured this Rushmore for our Herd Sire brigade. Note his dam has a touch more Bluegrass and Gridmaker. Check out Lot 5, the classy 816-lb. WW with a wide loin and big butt – you'll see what Rushmore can do for you.

**EPDs: BW -3.5 WW 56 YW 95 MTL 70 TSI 289**

## Reference Sire E

### FC Free Lunch 1817 Polled

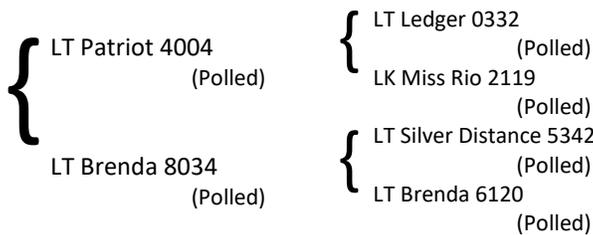

#### Free Lunch 1817 – Another Free Lunch is Fabulous

Free Lunch has become our favorite and best producing bloodline. Our search for more led us to buy half interest and possession of this super stud that has a negative -1.8 birth EPD and is in the Top 2% of the Charolais breed for Carcass Weight and Top 2% for Marbling. Then to verify breeding capacity, the Top 1% for Scrotal. All this puts him in the Top 5% of the entire Charolais Breed for Total Sire Index (307 TSI). Great numbers but to see this guy in person and then see his muscular high performing calves like Lot 3, they verify the numbers are accurate. Come to the sale hungry because we will have lots of great Free Lunch for you before and during our Bull Sale.

EPDs: BW -1.8 WW 75 YW 139 MTL 52 TSI 307

## Reference Sire G

### Patriot 9611 Polled

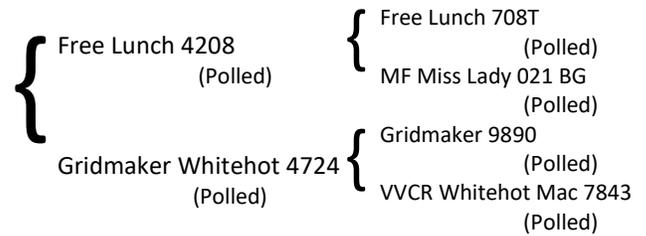

#### Patriot Primed – A Legacy in the Making

Take a look at this powerhouse herd sire—he's built on a foundation of greatness. Sired by the legendary Patriot, one of the most influential bulls in Charolais history, this bull carries a pedigree packed with performance. Patriot sold for \$105,000 in 2015 and has sired thousands of top-tier commercial and registered progeny. His dam, Brenda 8034, is equally iconic, commanding \$50,000 at 12 years old, proving her lasting impact on the breed. This bull's ET flush mate, Patriot 9458, topped the LT sale at \$80,000, and other herd sire brothers, like LT Tioga, have been among the most sought-after genetics in the industry. Now, here's your chance to own the next generation of greatness. Patriot's sons are solid in every trait for an investment in the future of your herd.

EPDs: BW -4.8 WW 60 YW 109 MTL 55 TSI 274

## Reference Sire F

### VVCR Free Banquet 0163 Polled

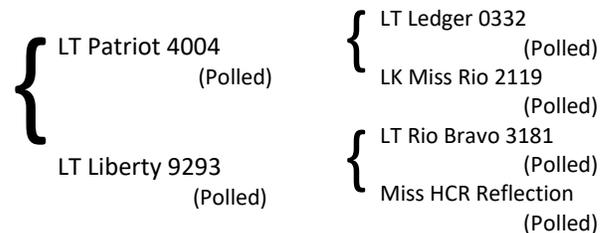

#### Free Banquet – More Pounds Mean More Profit

Having lots of "Free" Lunch is the easiest way to pack on extra pounds for you and for your cow herd. F Buffet (sold in 2021) has been an exceptional sire and here is his brother, "Free Banquet". Rest assured those extra pounds from this top genetic herd sire (Free Lunch X Gridmaker) will produce the premium dollar kind. Free Lunch is known as the Charolais leader for the all-important Marbling gene that makes Prime Carcasses. Free Lunch bulls have topped our sale many years with bulls like "Free Buffet" now proving exceptional at other purebred breeder's sales. You will find a great Free Lunch at our sale, and then maybe a big "Free Banquet" will add more pounds for you and your herd.

EPDs: BW -2.4 WW 85 YW 138 MTL 62 TSI 285

## Reference Sire H

### GHC Patriot 0126 Polled

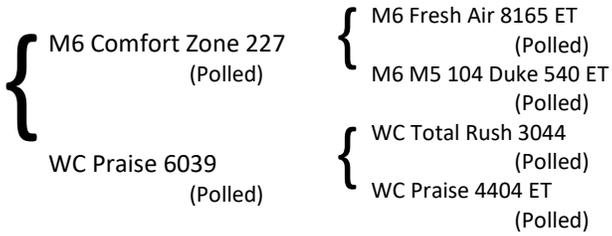

#### Patriot 0126 – Proven Performance, Premium Results

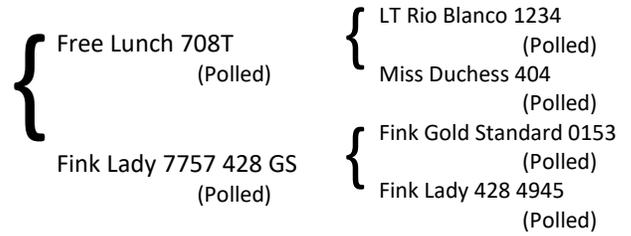

Only at a dispersal sale (Grand Hills in CO) would a breeder sell his Top Shelf Herd Sire genetics and allow a tremendous bull like Patriot 0126 to leave his ranch. Patriot is a breed leader internationally for semen sales and progeny registrations. He has been proven superior in every economic category. His calving ease has been proven by breeding thousands of commercial heifers with tremendous calving success that also performed superior at the feedlot. The feeders and packers know the Patriot name and pay premiums for their proven high gaining and high yielding genetics. Check out his front pasture classy looking, thick-butted bulls if you want the real deal from calving ease to carcass value. This Herd Sire ranks in the Top 10% of the breed for Carcass Weight plus top 15% in WW and YW. There is plenty to appreciate in phenotype and performance.

EPDs: BW -1.9 WW 76 YW 135 MTL 61 TSI 265

**Reference Sire I**  
**Comfort Zone 8038 Polled**

**Reference Sire J**  
**VVCR Free Lunch 1510 ET Polled**

**Comfort Zone 8038 – Proven Genetics for Performance**  
 Comfort Zone combines the genetics of many of our favorite sires of the past—Wyoming Wind, Duke, Tradition and Rushmore. His power and dimension stand out, and his numbers show extra easy calving with stylish growth. He stamps class and style on both heifers and bulls and has produced super replacements in our herd. He is a go-to sire for serious cattlemen. His calves will grow stout and have efficient but superior feedlot gains. You will feel safe in the Comfort Zone when you select this proven bloodline.

**EPDs: BW -4.5 WW 54 YW 102 MTL 66 TSI 280**

**Free Lunch 1510 – The Bull That Pays You Back**  
**Free Lunch 1510 – ET Full Brother to 1509**

Free Lunch isn't just a name – it is a promise of more pounds, more performance, and more profit in every calf crop. Bred for carcass excellence, Free Lunch delivers high-marbling, Prime-quality beef that commands top dollar. His calves come easy, grow fast, and finish strong by packing on weight efficiently both in the pasture and the feedlot. Butts, Guts and Nuts, his wide-bodied, heavy muscled progeny are built to last – fertile, functional and production year after year. Free Lunch takes the guesswork out of profitability. Whether you sell at weaning or feed them to finish, he stacks the odds in your favor, ensuring maximum returns. Enjoy a "Free Lunch" at noon then don't miss the opportunity to enjoy a Free Lunch "to go" to take home to your cows.

**DOUBLE GRID MAKER SOLD IN OUR SALE**

## Reference Sire K

### VVCR Power Bingo 6104 Polled

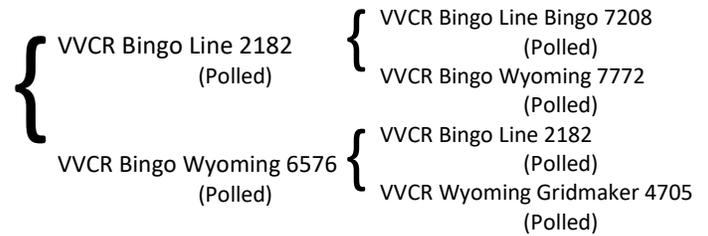

#### Power Bingo – Decades of Proven Performance

Over 50 years ago, Bingo impressed me as the ultimate All-Around Herd Sire to build our breeding program around. He remains the #1 Bull for Total Breeding Value on the Conception to Consumer Test after thousands of bulls of all breeds have been tested. Decades of selective line breeding have led to Power Bingo, our true “Power Bull” that delivers both calving ease for our heifers, and top-tier performance competing with calves from mature cows. Bingo Line is known for short gestation and easy calving, making his sons ideal for second-calf heifers. His dam is a genetic masterpiece, put together perfectly. Bingo influence runs deep in this sale – many top bulls are out of those favorite Bingo mothers. Be sure to look through all the “Power” bulls for easy calving with powerful performance. Note that Lot 8 is sired by Power Bingo!

**EPDs: BW -4.1 WW 55 YW 95 MTL 45 TSI 270**

## Reference Sire L

### VVCR Bingo Line 8110 Polled

#### Bingo – Proven Reliable Heifer Bull for Sleep at Night

For over 50 years, we have valued and linebred the iconic Bingo bloodline with success. Bingo still ranks the #1 Bull for Total Breeding Value on the prestigious Conception to Consumer Test. With -6.4 EPD for a Top 2% of the Charolais Breed, Bingo Line 8110 is our highly proven bulletproof Heifer Bull, a true “sleep at night” sire known for short gestation calves born small then “jump up and suck”. More than just a heifer freshener, he’s a herd improver, producing high-performing calves with prime-grade carcasses. Generations of intensive linebreeding assures reliability and predictability. That’s why top ranches have trusted hundreds of VVCR Bingo “Heifer Bulls” to calve easy and successfully with their commercial heifers. Customers return year after year for more.

## TERMS AND CONDITIONS OF SALE

**BIDDING:** Each animal on which there are two or more bids will be sold to the highest bidder.

**TERMS:** Terms are cash settlement and must be made after completion of sale unless prior arrangements are made and notarized. Checks are accepted and should be made payable to: **Valley View Charolais Ranch, Inc.** The right of property shall not pass and the release of cattle shall not be made until settlement is made and funds have cleared.

**DISPUTES:** The auctioneer will settle any disputes as to bids by declaring the bids void and reselling the animals in question.

**HANDLING:** All animals will be maintained prior to their sale at the risk of the cosigner. As their sale is effected, all animals will be maintained at the purchaser's risk. Insurance will be available upon request from agents attending the sale or ask sale clerks. **Insurance is always recommended on all purchases.**

**BREEDERS GUARANTEE:** All bulls have passed a breeding soundness and semen evaluation prior to sale. We provide a breeding season (the 90-day period immediately following turn out) guarantee on all bulls to be sound, fertile, and a reproductive breeder throughout his first breeding season. This guarantee is not an insurance or mortality policy but is a guarantee on functional fertility and soundness. It is not a substitute or replacement for poor management. We strongly recommend obtaining insurance at the time of purchase. Buyers assume all risks for running bulls together or management decisions outside genetic control.

For guarantee to apply, we ask that you or your veterinarian contact us as soon as a condition is observed and before the animal is disposed. We will work with you to determine whether to return the bull or sell him for slaughter. We will attempt to provide a suitable replacement. If one is not provided of equal or greater value, we will issue a sale credit to be used at a future sale for full purchase price less salvage value of the bull.

**ANNOUNCEMENT:** Announcements from the auction box take precedence over printed matter in this catalog or in other ads.

**HEALTH:** All animals will be cleared for health and have clearance for interstate or international shipment.

**DELIVERY:** Delivery is only guaranteed to central terminals such as stockyards in each area.

**CONTRACTS:** The above terms and guarantee constitute a contract between the buyer and the seller of each animal sold.

**LIABILITIES:** All persons who attend the sale do so at their own risk, and the owner and sales representatives assume no liability, legal or otherwise, for any accident which may occur.

**ABSENTEE BIDS:** Mail, email, or telephone bids may be made directly to Valley View Charolais Ranch, or to a representative field-man, or order-buyer representative of your choice. Bids need to be submitted to the Sale Management in plenty of time prior to the sale and will be handled strictly confidentially. Satisfaction is guaranteed on every bull upon delivery, so absentee buyers can feel completely confident in making a purchase sight-unseen. Each year many bulls are sold sight-unseen to buyers that are unable to attend the sale.

YEARLING BULLS TRAILED TO PASTURE
